

PREFACE

The world is facing problems in various fields of life as a result of social change. One institution that is greatly affected by the impact of social change is the family. Related to this, the Postgraduate Program of State Islamic University (UIN) Raden Intan Lampung (RIL), held a grand event of the inaugural international conference entitled Raden Intan Mubadalah International Conference on Islam and Family (RIMICIF). The activity took the theme "Realizing a Sakinah Family Towards a Just Civilization". The activity took place at the Emersia Hotel for four days on October 25-28, 2023.

The general purpose of holding the RIMICIF is to unite the understanding of the importance of the meaning of a family as a place of learning the values of mercy and kindness that foster inner and outer happiness so that a sakinah family is formed that embodies justice, benefit, noble morals and human values. The solution offered is to use the methods of mubadalah, ma'ruf, and true justice in domestic life. These three methods are KUPI fatwa methods that are expected to strengthen the values of justice, equality, and togetherness between men and women in life both in domestic and public contexts.

RMICIF is a form of embodiment of the spirit of jihad resolution where the implementation of this activity is still warm in the atmosphere of celebrating national santri day. The importance of applying the perspectives of mubadalah, ma'ruf, and true justice in domestic life, then the Postgraduate Program of Raden Intan Lampung State Islamic University built and facilitated a scientific dialog space in the international conference forum. RIMICIF is a form of endeavor and ijtihad from the Postgraduate Program of Raden Intan Lampung State Islamic University in facing the rapid changes in the current era of disruption, we hope that after this conference it will produce a formulation in the form of a joint declaration that can be guided by all parties.
